

Instruction about fire prevention rules in hotel

Dear visitors!

We ask you to observe fire prevention rules.

- **Not to use in number electro heating devices.**
- **Leaving number, do not forget to switch off the TV, illumination lamps, conditioner.**
- **Do not smoke in the room. It is dangerous!!!**
- **It is not supposed to bring and store fire-dangerous substances and materials in number.**

We wish you good rest!!!

If you have arrived to hotel the first time, try to remember an arrangement of exits and ladders.

In case of a fire in your number:

- **Immediately will phone about happened administration «0».**
- **If to liquidate the burning centre by own strength it is not given possible, leave number and close a door, without locking it.**
- **Necessarily inform on a fire to the manager on duty, or other representative of administration, or fire protection.**
- **Leave a fire zone and operate under instructions of administration or fire protection.**

In case of a fire out of your number:

- **Immediately will phone about happened administration «0».**
- **Leave your number after will close windows and doors. Leave a building.**
- **If corridors and staircases are filled strongly with smoke and to leave a premise it is impossible, remain in your number having opened wide open windows. The closed and well condensed door can protect you from dangerous temperature for a long time. To avoid a poisoning with a smoke, close cracks and ventilating apertures moistened with water towels and bedding. Try to phone to administration about the a place a finding.**

With arrival to a scene of firemen, approach to a window and give a sign on rendering assistance.
